

Explore Green

Think About Green:

1. What are all the green things you can think of? Make a list. Sort them into categories.
2. Can you name some different shades of green? Which is your favorite?
3. What does recycling mean?
4. Why is green known as the "earth-friendly" color?
5. Do you know anyone with green eyes? Who? What about animals?

Extensions:

1. Have a green taste test. Cut up green fruits and vegetables to sample. Which is your favorite?
2. Collect green leaves of all different shapes, sizes, and shades. Spread them out and compare -how are they similar? How are they different? How many different kinds did you find?
3. Explore mixing the primary colors. Which two make green? How many different shades of green can you make?
