

## Explore MORE HOLES

### Think about MORE HOLES

1. Can you name a mysterious hole? A useful hole? A hole that is fun?
2. What's the biggest hole you can think of? The smallest?
3. Are holes important? Why?
4. Can you think of any holes that have lids/covers?
5. What animals do you know of that use holes?

### Extensions:

1. List all the games you can think of that use holes. How are they the same? How are they different?
2. Play with sand and water. Experiment making holes with dry sand, damp sand, and soaking wet sand. What happens?
3. Think of different holes that you could use to make home-made bubble wands with and try them. Did they work? Why or why not?
